

Equipment Purchasing- Installations and Conditions

All orders begin to process once ServerSIM receives a ***signed*** estimate consenting to the purchase. *

Delivery and Installation from ServerSIM relies on the availability of the item, the quantity or size of purchase, whether item requires programming before delivery, etc.

Delivery and installation of equipment can take up to ten business days (timeframe varies based on aforementioned factors).

For guaranteed earlier delivery and installation, clients may opt to expedite the order.

Expedite fee - \$199**

****Estimates over \$1000 require deposit before ordering process begins****

*****Prices subject to increase depending on purchase size*****
