***NEW* and *IMPROVED* Monthly Invoicing**

ServerSIM is excited to announce a new streamlined platform for billing. On our new billing platform clients will be able to:

- See all services itemized on a single, easy to read invoice
- Make one payment for all services
- Pay online

All current clients are expected to have their accounts migrated over to the new billing platform by Oct 1st, 2020. If you see any discrepancies in your bill during this time, please contact Accounting at 330.830.5570 ext. 3 or via email at accounting@serversim.com to have your bill corrected.
